

Omar Abdelglil

FrontEnd Developer | React JS

✉ oalash55@gmail.com ☎ +201224084982 📍 Alexandria, EGY 🌐 Omar_Abdelglil 🔗 Website

SUMMARY

Frontend Developer specializing in **React.js** and **Next.js**. Experienced in building complex, responsive web applications like full-stack E-commerce and social platforms, with a strong focus on performance and clean, maintainable code.

EDUCATION

Bachelor of Business Information Systems (BIS) Abou Qir Higher Institutes 10/2025 – Present

- Academic Focus: Bridging the gap between software development and business logic.
- Relevant Coursework: Introduction to Programming, Management Information Systems (MIS), and Business Mathematics.
- Highlight: Maintaining a strong academic foundation while actively applying technical skills in real-world web development projects.

SKILLS

Technical Skills — Frontend Development: HTML5, CSS3, JavaScript (ES6+). | Frameworks & Libraries: React.js, TanStack Query (React Query). | Styling: Tailwind CSS, HeroUI, Responsive Web Design. | State Management: Context API / Redux | Performance: Performance Optimization, API Integration.

PROJECTS

FreshCart 🌐, Full-Stack E-commerce Platform 02/2026 – 03/2026

- Developed a high-performance E-commerce app using Next.js, featuring Authentication, Cart, and Payment integration.
- Built dynamic pages for Brands, Categories, and Product Details with a seamless Wishlist system.
- Focused on SEO optimization and fast page loading using Next.js server-side features.

Lamma Social 🌐, Social Media Application 01/2026 – 02/2026

- Built a responsive social networking platform using React.js and Tailwind CSS.
- Implemented real-time user feeds, posting functionality, and efficient data fetching with TanStack Query.
- Delivered a modern, interactive UI/UX focusing on clean code and component reusability.

CERTIFICATIONS & LANGUAGES

- **Frontend Development Diploma | Route Academy** (Intensive training on React, Next.js, and Modern Web Tech).
- **Languages:** Arabic (Native), English (Good Command).
